

ECONOMIC

PART # 21844M3

DESCRIPTION

Economic is a very powerful interior cleaner for aircraft and helicopters. This universal cleaner was specially designed to meet the most stringent Regulations. The product is solvent free and waste water friendly. The product was developed at the request of experts engaged in the business of commercial and military aircraft maintenance. The high Ph value of the product produces a vigorous and efficient cleaning effect. The product will not affect aluminium as it contains special inhibitors to enable safe application. In addition to its non-corrosive qualities, the product is highly appreciated by users in the aviation industry for its optimal performance. Depending of the level of contamination to be removed, the product may be diluted with water, as shown below.
